Join us at APsA's 2027 National Meeting in Washington, DC, for an evening of cocktails and conversation.

Light appetizers will be served, and each guest is invited to enjoy two complimentary drinks.

All are invited to this informal gathering!

- Meet the leadership of **APsA's Psychotherapy Department** and members of the Psychotherapist Committee, and learn about the benefits of APsA's Psychotherapist Clinical Membership.
- Meet the leadership and fellow members of **Psychotherapy Action Network (PsiAN)**, the national advocacy organization empowering clinicians and championing access to psychotherapy.

Exchange ideas, learn about opportunities to get involved in both organizations, and help build a vibrant psychotherapy community.
